TO WHOM IT MAY CONCERN:

We contracted Lasa Construction, Inc. to perform metal framing and drywall at two J.C. Penney's at the Avenues Mall and the Orange Park Mall located in Jacksonville, Florida for the amount of \$430,000.00.

Lasa Construction, Inc. performance and quality was of the highest standard with a very proactive attitude, working with us to meet a very demanding schedule in an owner-occupied facility.

We would consider them for any future projects and would highly recommend them.

Sincerely,

Phillip R. Bentley
President
